The Sneeze Guard Company

Project Name: _____

Location: _____

Item #: _____ Qty: _____

Model #: _____

Model: **C400**

Class: Partition - Sneeze Guard - (vertical shield)

Model 400 represents a family of free-standing partition sneeze guards using CRG construction. The only hardware on these units is the flanged boot for counter attachment. The C400 is quick and easy way to meet your sneeze guard needs. The C400 has a 3/8" straight up shield and two post styles, "Tapered" and "Square". There are three standard heights, and seven standard widths . The NSF height requirement for a sneeze guard partition is a minimum overall height of 60". Always review you sneeze guard plans with your health department. Custom sizes available.

- Clear 3/8" Safety Tempered Glass (shield)
- Crystal Clear 1/2" Support Posts (Tapered or Square)
- Seven Standard Widths (24", 30", 36", 42", 48", 54", 60")
- Five Standard Heights (18", 22", 24")
- All Glass (except for boot)
- Easy to Clean (1" air-gap under glass)
