The Sneeze Guard Company

Project Name: _____

Location: _____

Item #: _____ Qty: _____

Date: _____

Model: **C128**

Class: Sneeze Guard - Self Service - (45° slope)

Model C128 is part of the Crystalline Series featuring the elegant all glass look. The C128 Self Service Sneeze Guard is characterized by the clean 45° slope on the front shield and includes a top shelf. These sneeze guards allow a bay size of 60" and up to a maximum of 84" with a support rib. The C128 has five styles of support which meet most any self-serve needs and are available in 1/4", 3/8", or 1/2" safety tempered glass. Multiple bay units using our sculptured center supports provide large self service areas without ugly posts getting in the way. Our multi-bay sneeze guard systems provide a continuous smooth front shield and top shelf. Custom sizes available. Always review your sneeze guard plans with your health department.

- Clear 1/2" Safety Tempered Glass Supports
- Two Top Shelf Depths (8" and 12")
