

Model: C152 & C152A **Class:** Sneeze Guard - Full Service

Model C152(straight) and C152A (curved) are part of the Crystalline Series of all glass sneeze guards. The C152 is for use on straight counters while the C152A is used on curved counters. These sneeze guard is characterized by the 10° slant of the front shield and a top shelf. These sneeze guards allow a maximum bay size of 84", eliminating the need for middle support posts to span most steam or prep tables. Multiple bay units have a continuous smooth front shield and top shelf. The C152 & C152A can support the option of removable mid shelves.

- Crystal Clear 1/2" Safety Tempered Glass Supports
- Two Standard Heights 18-3/4" and 22-3/4"
- Three Standard Depths, 12", 18", and 22"
- Large Bay Size (up to 84" between supports)
- Optional Removable Internal Shelves
- Five Standard Support Styles

Support Options:
