The Sneeze Guard Company

Project Name: _____

Location: _____

Item #: _____ Qty: _____

Model #: _____

Model: C408

Class: Partition - Sneeze Guard - (vertical shield with 6" top shelf)

Model 408 represents a family of free-standing partition sneeze guards using CRG construction. The only hardware on these units is the flanged boot for counter attachment. The C408 is quick and easy way to meet your sneeze guard needs. The C408 has a 3/8" straight up shield and a 6" mini top shelf. There are three standard heights, and seven standard widths . The NSF height requirements for a sneeze guard partition is for the overall height to be a minimum of 60". This mini top shelf contributes to the overall height requirement. Always review you sneeze guard plans with your health department. Custom sizes available.

- Clear 3/8" Safety Tempered Glass (shield & Top)
- Crystal Clear 1/2" Support Posts
- Seven Standard Widths (24", 30", 36", 42", 48", 54", 60")
- Five Standard Heights (18", 22", 24")
- All Glass (except for boot)
- Easy to Clean (1" air-gap under glass)
